

## For Immediate Release

### Hudson Energy Expands Service Territory in Ohio

**HOUSTON, Texas: May 1, 2015.** [Hudson Energy](#) is pleased to announce expansion of its service footprint to include AEP Ohio Power and Columbus Southern, effective May 4, 2015. The company already services the utilities within FirstEnergy.

A leader in the commodity power industry since 2002, Hudson Energy is one of the fastest-growing energy solutions providers in North America. Through its extensive sales partner network, and as they expand into new markets, Hudson Energy is focused on delivering innovative technology and custom product offerings that meet and exceed customer needs now, and well into the future.

"We are pleased to enter these additional markets and provide added choice to energy consumers, as well as offer innovative pricing technology for our commercial sales partners that bring agility and flexibility to the market," says Duncan Stiles, Chief Operating Officer and Senior VP at Hudson Energy. "We will continue to invest in the latest technology to provide reliable and efficient service for our sales partners and enhanced value to our customers."

Established in 2002, Hudson Energy specializes in providing customized index and fixed price energy products tailored to the needs of individual businesses. An experienced and growing business-to-business supplier of electric power and natural gas commodity, the company serves markets in North America and the United Kingdom. Large and small business owners look to Hudson Energy for stability and predictability to help them control their energy costs and budget one of their most significant business expenses more effectively. Hudson Energy is a subsidiary of Just Energy Group Inc., a publicly traded company (NYSE:JE and TSX:JE) serving close to 2 million customers across North America and the UK.
