

MANAGEMENT INFORMATION CIRCULAR

ANNUAL AND SPECIAL MEETING

OF

JUST ENERGY INCOME FUND

(formerly known as Energy Savings Income Fund)

TO BE HELD ON THURSDAY, JUNE 25, 2009

TORONTO, ONTARIO

MAY 15, 2009

MAY 15, 2009

Dear Unitholder:

Please accept my personal invitation to join us at the eighth Annual and Special Meeting of **Just Energy Income Fund** which takes place at 4:00 p.m., on Thursday June 25, 2009 at the Toronto Stock Exchange — Broadcast Centre, in Toronto which is located on the main floor of The Exchange Tower, 2 First Canadian Place, 130 King Street West.

I am pleased to announce the rebranding of the Energy Savings Group and, subject to closing, Universal Energy Group to our new name, **Just Energy**. The **Just Energy** name has been successfully used in Texas and we believe offers a clear message that our product offers the assurance of stability but not guaranteed savings. We have always been a focused business and **Just Energy** is that focus.

Just Energy is situated in a high growth industry, the deregulation of natural gas and electricity sales to residential and commercial customers under long-term irrevocable contracts (price protected for electricity). Deregulation is spreading to new jurisdictions every year creating millions of new potential customers for our Fund. In addition, our Green Energy Option products allow homeowners to contract for green electricity and/or reduce or eliminate the carbon footprint of their natural gas usage.

The Fund announced on April 22 it had entered into an Arrangement Agreement to acquire Universal Energy Group Ltd. pursuant to a plan of arrangement, currently scheduled to close before the end of June or early July. The amalgamation of Universal's 580,000 residential customer equivalents into our book of almost 1.8 million customers further establishes the new **Just Energy** as a North American leader in the sale of deregulated natural gas and electricity. This is a very exciting time for **Just Energy**.

As our Annual Report details, fiscal 2009 was an excellent year for your Fund. Despite the worst North American recession since the 1930's, we generated record gross margin and distributable cash. As well, our sales team generated solid customer additions in a very challenging market.

The items of business to be dealt with and the details of the meeting are listed in the attached Notice of Meeting. The business will include: (i) the presentation of the Audited Consolidated Financial Statements of the Fund and the Report of the Auditors for the fiscal year ended March 31, 2009; (ii) the election of Directors of Ontario Energy Savings Corp., for the first time on an individual basis as a new corporate governance initiative; (iii) the approval of two ordinary resolutions to increase the number of unit appreciation rights and the number of directors' deferred unit grants pursuant to the Fund's 2004 Unit Appreciation Rights Plan and the Directors Deferred Compensation Plan respectively; (iv) the approval of a special resolution of the Fund to amend the Fund's Declaration of Trust to create special voting rights for the holders of exchangeable securities; and (v) the appointment of KPMG LLP as auditors.

Information concerning the Fund and its operating entities is available at our website at www.justenergy.com. You will also find recently filed corporate disclosure documents on the website.

I hope you will be able to attend as the meeting is your opportunity to meet with the Board of Directors and the Senior Management Team to discuss items of interest to you and to receive a presentation outlining our continuing efforts to ensure that the Fund remains one of your most valued holdings.

If you are unable to attend in person, I urge you to vote indicating your preferences by signing and returning the enclosed Form of Proxy in the envelope provided.

Sincerely,

REBECCA MACDONALD
Executive Chair
Ontario Energy Savings Corp.

(“OESC” or the “Administrator”), the administrator of Just Energy Income Fund (the “Fund”), for use at the Annual and Special Meeting (the “Meeting”) of the holders (the “Unitholders”) of units (“Units”) of the Fund and the holder of Class A Preference Shares of OESC (the “Preference Shares”) (the holders of Units and Preference Shares being collectively referred to as “Holders”), to be held at the Toronto Stock Exchange — Broadcast Centre, the Exchange Tower, 2 First Canadian Place, 130 King Street West, Toronto, Ontario, Canada M5X 1J2 on Thursday, the 25th day of June, 2009 (the “Meeting Date”), at 4:00 p.m. (Toronto time) for the purposes set forth herein and in the Notice of Meeting accompanying this Information Circular. References herein to “Holder” shall mean the holder of either Units or Preference Shares, as applicable.

FOR PURPOSES OF THE MEETING AND PURSUANT TO AN AMENDED AND RESTATED DECLARATION OF TRUST BETWEEN THE TRUSTEE AND OESC DATED AS OF APRIL 30, 2007 AS AMENDED ON DECEMBER 20, 2007 AND MAY 14, 2009 (THE “DECLARATION OF TRUST”), THE HOLDERS OF PREFERENCE SHARES ARE ENTITLED TO BE TREATED AS IF THEY ARE THE HOLDERS OF THE NUMBER OF UNITS THAT THEY WOULD BE ENTITLED TO RECEIVE ON THE RELEVANT DATE, IF THEY EXERCISED ON SUCH DATE, THE SHAREHOLDER EXCHANGE RIGHTS WITH RESPECT TO ALL OF THE PREFERENCE SHARES HELD BY THEM. ACCORDINGLY, PURSUANT TO THE DECLARATION OF TRUST AND AN AGREEMENT AMONG THE FUND, OESC, OESC EXCHANGECO II INC. (“EXCHANGECO”), THE HOLDERS OF PREFERENCE SHARES AND CERTAIN OTHER PARTIES DATED APRIL 30, 2001, AS AMENDED AND RESTATED (THE “OESC SHAREHOLDERS’ AGREEMENT”). THE ENCLOSED PROXY MAY BE COMPLETED BY ANY PERSON WHO HOLDS UNITS AND/OR WHO HOLDS PREFERENCE SHARES.

The costs incurred in the preparation and mailing of the proxy, notice of annual general meeting and this Information Circular will be borne by the Fund. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Administrator, who will not be specifically remunerated therefor.

APPOINTMENT OF PROXIES

Holders have received with this Information Circular a form of proxy for the Meeting. The persons named in such form of proxy are directors and officers of the Administrator. A Holder submitting a proxy has the right to appoint a person (who need not be a Holder) to attend and act on his or her behalf at the Meeting, other than the persons designated in the enclosed form of proxy. Such appointment may be exercised by striking out the names of the persons designated in the enclosed form of proxy and by inserting in the blank space provided for that purpose the name of the desired person or by completing another proper form of proxy. A form of proxy will not be valid unless it is completed and delivered to the Fund, c/o Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, for receipt not less than 24 hours, excluding Saturdays, Sundays and holidays, preceding the Meeting Date or any adjournment or postponement thereof at which the proxy is to be used or be deposited with the Chair of the Meeting prior to the commencement of the Meeting. A proxy should be executed by the Holder or his attorney duly authorized in writing or, if the Holder is a corporation, by an officer thereof or an attorney thereof duly authorized.

OESC, as administrator of the Fund, has fixed the record date for the Meeting as the close of business on May 15, 2009 (the “Record Date”). Only Holders of record as at that date are entitled to receive notice of, and to vote at, the Meeting. No person who became a Holder after the Record Date shall be entitled to vote at the Meeting.

REVOCABILITY OF PROXIES

A Holder who has submitted a proxy may revoke it at any time insofar as it has not been exercised. A proxy may be revoked, as to any matter on which a vote shall not already have been cast pursuant to the authority conferred by such proxy, by instrument in writing executed by the Holder or by his or her attorney duly authorized in writing or, if the Holder is a corporation, by an officer or attorney thereof duly authorized in writing and deposited either at the head office of the Fund located at First Canadian Place, 100 King Street West, Suite 2630, P.O. Box 355, Toronto, Ontario, M5X 1E1, as the case may be, at any time up to and including the last business day preceding the Meeting Date or with the Chair of the Meeting on the Meeting Date and upon either of such deposits the proxy is revoked. A proxy may also be revoked if a Holder personally attends the Meeting and votes his or her Units or Preference Shares, as the case may be, or in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXYHOLDERS

The persons designated as nominees in the enclosed form of proxy will, on a poll, vote or withhold from voting, or vote as instructed, the securities in respect of which they are appointed in accordance with the instructions of the Holders appointing them. In the absence of such a voting instruction such securities will, on a poll or otherwise, be voted **FOR APPROVAL** or **FOR** those matters set out in the enclosed proxy and, at the discretion of the proxyholders, with respect to other matters that may properly come before the Meeting. **THE ENCLOSED FORM OF PROXY CONFERS DISCRETIONARY AUTHORITY UPON THE PERSONS NAMED THEREIN WITH RESPECT TO AMENDMENTS OR VARIATIONS TO MATTERS IDENTIFIED IN THE PROXY AND WITH RESPECT TO OTHER MATTERS WHICH MAY PROPERLY COME BEFORE THE MEETING.** At the time of printing this Information Circular, management of the Administrator is not aware of any such amendments, variations or other matters. If any matters which are not now known to the Administrator should properly come before the Meeting, the persons named in the accompanying form of proxy will vote on such matters in accordance with their best judgment.

INTEREST OF CERTAIN PERSONS AND COMPANIES IN MATTERS TO BE ACTED UPON

Montreal Trust Company of Canada is the Trustee of the Fund. The Trustee holds all the common shares of OESC on behalf of the Fund and must vote them pursuant to the direction of the Holders.

UNITS, PREFERENCE SHARES AND THE PRINCIPAL HOLDERS THEREOF

Units and Preference Shares

The Fund is an open-ended, limited purpose trust, established by the Declaration of Trust for the purpose of investing in and holding, directly or indirectly, certain securities of OESC and Exchangeco and 100% of the securities of several affiliated entities and issuing Units to the public. The sole beneficiaries of the Fund are the holders of the Units and Preference Shares. Pursuant to the terms of the Declaration of Trust: (a) Unitholders of record are entitled to notice of and to attend at the Meeting in person or by proxy, and to one vote per Unit held on any ballot thereat; and (b) the Holders of Preference Shares are entitled to notice of and to attend the Meeting in person or by proxy, and to vote in all votes of Unitholders as if they were the holders of the number of Units which they would receive if they exercised all of their shareholder exchange rights pursuant to the OESC Shareholders' Agreement as of the record date for such votes and are treated in all respects as Unitholders for the purpose of any such votes.

As at May 15, 2009, the Record Date, the Fund has 106,170,109 issued and outstanding Units and OESC has 5,263,728 issued and outstanding Preference Shares so that 111,433,877 votes are entitled to be cast at the Meeting.

Principal Holders of Units and Preference Shares

Except as disclosed below, to the best of the knowledge of the Trustee, the Administrator and the directors and senior officers of the Administrator, there is no person or corporation which beneficially owns, directly or indirectly, or exercises control or direction over, Units and Preference Shares, collectively carrying more than

10% of the voting rights attached to all Preference Shares of OESC and all Units of the Fund, in the aggregate, entitled to vote at the Meeting. Acuity Investment Management Inc. (“Acuity”) filed a report on Sedar as an eligible institutional investor pursuant to Part 4 of National Instrument 62-103 for the period ending March 31, 2008 indicating that as at March 31, 2008, it held as an eligible institutional investor, in accounts managed by Acuity 17,998,650 Units of the Fund (18.01%) of the then outstanding Units of the Fund. The report states that: “the securities were acquired in the ordinary course of business for investment purposes and not for the purpose of exercising control or direction over the Reporting Issuer” (ie. the Fund). On May 6, 2009 Acuity advised the Fund that it owned 19,254,137 Units of the Fund (18.14% of the then outstanding Units of the Fund).

As at May 15, 2009, the officers and directors of OESC held beneficially, directly or indirectly, in the aggregate, approximately 9,828,813 Units and 5,263,728 Preference Shares (all of which Preference Shares are beneficially owned, directly or indirectly, by Rebecca MacDonald).

Voting of Units — Advice to Beneficial Holders of Units

The information as set forth in this section is of significant importance to all Unitholders of the Fund, as none of the Unitholders (“Beneficial Unitholders”) of the Fund hold Units in their own name. If you are a Beneficial Unitholder and wish to vote in person at the Meeting, please contact your broker or agent well in advance of the Meeting to determine how you can do so.

Beneficial Unitholders should note that only proxies deposited by Unitholders whose names appear on the records of the Fund as the registered holders of Units can be recognized and acted upon at the Meeting. All of the Units are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited (“CDS”). CDS maintains books showing through which of its participants, such as investment dealers or brokers, the Units are owned. Investment dealers and brokers maintain their own records showing the Beneficial Unitholders of such Units by their clients. Units held by CDS can be voted only upon the instructions of the Beneficial Unitholder. Without specific instructions, CDS and its participants are prohibited from voting Units for their clients. The Administrator does not know for whose benefit the Units registered in the names of CDS are held. Therefore, Beneficial Unitholders cannot be recognized at the Meeting for purposes of voting their Units in person or by way of proxy unless they comply with the procedure designated below.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Unitholders in advance of Unitholder’s meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Unitholders in order to ensure that their Units are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Unitholder by its broker is identical to that provided to CDS. However, its purpose is limited to instructing the registered Unitholder how to vote on behalf of the Beneficial Unitholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions, Canada (“Broadridge”). Broadridge typically prepares a voting instruction form (the “Voting Form”) which it mails to the Beneficial Unitholders and asks Beneficial Unitholders to return the Voting Form directly to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Units to be represented at the Meeting. A Beneficial Unitholder receiving a Voting Form cannot use that Voting Form to vote Units directly at the Meeting. The Voting Form must be returned to Broadridge well in advance of the Meeting in order to have the Units voted.

IF YOU WISH TO VOTE IN PERSON AT THE MEETING, PLEASE CONTACT YOUR BROKER OR AGENT WELL IN ADVANCE OF THE MEETING TO DETERMINE HOW YOU CAN DO SO.

Quorum for Meeting

At the Meeting, a quorum shall consist of two or more persons either present in person or represented by proxy and representing in the aggregate not less than 25% of the outstanding Units and Preference Shares. If a quorum is not present at the Meeting within one half hour after the time fixed for the holding of the Meeting, it shall stand adjourned to such day being not less than 14 days later and to such place and time as may be determined by the Chair of the Meeting. At such Meeting, the Unitholders present either personally or by proxy shall form a quorum.

MATTERS TO BE ACTED UPON AT THE MEETING

Receipt of Consolidated Audited Financial Statements and Auditors' Report

The consolidated audited financial statements of the Fund for the financial year ended March 31, 2009 and accompanying auditors report will be presented at the Meeting.

Election of Directors of Ontario Energy Savings Corp.

OESC has a board of directors (the "Board"), which presently consists of nine members all of whom are standing for election and are being elected by the Trustee as directed, as the holder of all the common shares of OESC and by the Holders of Preference Shares.

A biographical summary for each nominee director is included in Schedule D to this Information Circular.

As a corporate governance initiative, for the first time, the nominee directors are being elected on an individual as opposed to a slate basis. The Board of OESC has adopted a policy which requires that any nominee for director who receives a greater number of votes "withheld" than votes "for" his or her election as a director shall submit his or her resignation to the Nominating and Corporate Governance Committee for consideration promptly following the Meeting. The Nominating and Corporate Governance Committee shall consider the resignation and shall recommend to the Board of OESC whether to accept it. The Board of OESC will consider the recommendation and determine whether to accept it within 90 days of the Meeting and a news release will be issued by the Fund announcing the Board's determination. A director who tenders his or her resignation will not participate in any meetings to consider whether the resignation shall be accepted. Unitholders should note that, a "withheld" vote is effectively the same as a vote against a director nominee.

The following persons are the nominees proposed by the Administrator on behalf of the Fund for election as directors of OESC to serve until the next annual meeting of Unitholders or until their successors are duly elected or appointed. The OESC Shareholders' Agreement provides that at all times a majority of the directors of OESC shall be persons who are not officers or employees of OESC or any affiliate or subsidiary thereof or persons who beneficially own, directly or indirectly, or who exercise control or direction over Units representing more than 10% of the outstanding Units on a fully diluted basis (including Preference Shares) or directors or officers of any such person or any affiliate or subsidiary thereof. For these purposes any person who beneficially owns or exercises control or direction over Preference Shares shall be considered to beneficially own or exercise control or direction over the number of Units which would be received on the exercise of shareholder exchange rights in respect of the Preference Shares beneficially owned by him or over which he exercises control or direction. If any vacancies occur in the slate of such nominees because any nominee is unable to serve or will not serve, discretionary authority conferred by the proxies appointing the Fund nominees will be exercised to grant approval to the Trustee to cause the Administrator to vote for the election of any other person or persons nominated by the Trustee. The names and addresses of the nominees for election as directors, principal occupations, year in which each became a director of OESC and the number of Units, Unit Appreciation Rights

and Deferred Unit Grants of the Fund and Preference Shares beneficially owned or over which control or direction is exercised by such persons, at March 31, 2009, are as follows:

Notes:

- (1) Member of the Audit Committee. Mr. Kirby is the Chair.
- (2) Member of the Compensation and Human Resources Committee. Mr. Smith is the Chair.
- (3) Member of the Nominating and Corporate Governance Committee. Mr. Segal is the Chair.
- (4) Member of the Risk Committee. Mr. Kirby is the Chair. Mr. Giffin is the Vice Chair.
- (5) Includes Units issuable on the exercise of shareholder exchange rights attaching to Preference Shares pursuant to the OESC Shareholders’ Agreement.
- (6) Appointed lead director by the Board of Directors on January 17, 2005.
- (7) As indicated under the heading “General Background” on page 8 of this Information Circular, for the year of the Fund ending March 31, 2009, the non-management directors of OESC were required to receive \$15,000 of their annual base retainer in fully paid DUGs at the end of each quarter and are entitled to elect to receive all or a portion of their remaining director’s fees in fully paid DUGs payable at the end of each quarter of the Fund, pursuant to the Directors’ Deferred Compensation Plan (the “Director’s Plan”). The purpose of the Director’s Plan is to provide effective incentives for the independent directors to promote the business and success of the Fund by encouraging the ownership of Units. The DUGs, which are credited to a director’s DUG account at the end of each quarter during each fiscal year of the Fund (the “Grant Date”), and which are based upon the weighted average trading price of Units for 10 trading days on the TSX preceding the end of each quarter of the Fund’s fiscal year, may not be exchanged for Units on a 1:1 basis and issued to such director until the earlier of: (i) the termination of three years from the Grant Date, (ii) the day such director ceases to be a director of OESC and (iii) a change of control, providing that no Units may be issued after the expiry of 10 years from the Grant Date.

The price used to determine the number of notional Units granted to directors pursuant to the Director's Plan for the year ending March 31, 2009 was: \$14.44 for the quarter ended June 30, 2008; \$13.45 for the quarter ended September 30, 2008; \$7.72 for the quarter ended December 31, 2008 and \$10.68 for the quarter ended March 31, 2009 based on the simple average closing price of Units on the TSX for the 10 trading days preceding each quarter end of the Fund.

The total number of Units issuable pursuant to the Director's Plan may not exceed 100,000. As at March 31, 2009 the non-management directors owned a total of 62,530 DUGs allocated as to 5,619 to Michael Kirby; 5,908 to Hugh Segal; 23,137 to Brian Smith; 19,185 to Gordon Giffin; 5,330 to John Brussa; 1,028 to Ron Joyce and 2,323 to Roy McMurtry. The number of DUGs to which a director is entitled to receive is increased pursuant to a formula in the Director's Plan reflecting the amount of the distributions (including special distributions), which a director would have received if he held Units in lieu of DUGs. All UARs held by them are governed by their respective employment agreements, individual UAR agreements and the Fund's 2004 UAR Plan described on page 30 of this Information Circular and subject to vesting and continued employment on the applicable vesting dates are exchangeable 1:1 into Units of the Fund. Neither the DUGs nor the UARs carry the right to vote.

The Director's Plan may not be amended without Unitholder approval and the consent of the TSX. A director is not entitled to elect to be issued any Units until a period of three years has passed since the date of grant or until the director ceases to be a director of OESC whichever is earlier. The maximum number of DUGs currently available for issue under the Directors' Plan is 31,568.

- (8) Each director is required by November 9, 2009 to hold a minimum number of Units of the Fund (including UARs and DUGs) equal to at least two times the base retainer or \$100,000 (currently \$70,000) — increased to three times base retainer or \$150,000 by March 31, 2011. See "Ownership of Securities by Outside Directors on page 11 of this Information Circular. Based on the TSX closing market price for Units of \$12.16 on April 30, 2009 all directors are compliant with the current \$70,000 minimum ownership requirement. See Table "Ownership of Securities by Outside Directors" on page 11 of this Information Circular.
- (9) The attendance record for each of the directors for the year ending March 31, 2009 is set forth in the table in note (2) of Schedule A on page A7 of this Information Circular.

The information as to Units, Preference Shares, DUGs and UARs beneficially owned or controlled, directly or indirectly, not being within the knowledge of the Administrator, has been furnished by the respective nominees individually as of March 31, 2009.

Appointment of Auditors of the Fund

The Board of Directors propose that KPMG LLP be appointed as auditors of the Fund until the next annual meeting at such remuneration as may be approved by the Board of Directors.

Unless otherwise directed, the persons named in the form of proxy solicited by the Administrator will vote the Units and Preference Shares represented by proxy for the appointment of KPMG LLP as the independent auditors of the Fund, to hold office until the next annual meeting of Unitholders at a remuneration to be fixed by the Administrator. KPMG LLP have been auditors of the Fund since June 29, 2005.

In order to be effective, the resolution appointing KPMG LLP as auditors and authorizing the Directors to fix their remuneration, must receive the affirmative vote of a majority of the votes cast by Holders of Units and Preference Shares in person and represented by proxy.

The Board of Directors of OESC recommends a vote "FOR" the appointment of KPMG LLP as independent auditors for the Fund for the fiscal year ending March 31, 2010 and "FOR" authorizing the Board of Directors of OESC to fix the auditor's remuneration.

For fiscal 2009, fees charged by KPMG LLP for audit and related services to the Fund and its subsidiaries were \$565,066 (2008 — \$490,100). Fees for tax related services amounted to \$445,644 (2008 — \$97,418) and other fees were \$27,272 (2008 — nil). Total fees for fiscal 2009 were \$1,037,982 (2008 — \$587,512). No other services were provided to the Fund and its subsidiaries by KPMG LLP.

The Audit Committee has considered whether the magnitude and nature of these services is compatible with maintaining the independence of the external auditors and is satisfied that they are. All services provided by KPMG LLP require the approval of and were approved by the Audit Committee.

SPECIAL ITEMS OF BUSINESS

(a) Ordinary Resolution Increasing the number of Unit Appreciation Rights issuable under the Fund's 2004 Unit Appreciation Rights Plan

General Background

At the Meeting, the holders of Units of the Fund and the holders of Preference Shares will be requested to consider an ordinary resolution approving an amendment to the Fund's 2004 Unit Appreciation Rights Plan (the "UAR Plan"), which was originally approved by the holders of Units of the Fund and the holders of Preference Shares on June 29, 2004. Certain amendments to the UAR Plan were approved on June 28, 2007 including an amendment to increase the number of UARs issuable under the Plan by 1,000,000. The UAR Plan is described under the heading "Unit Appreciation Rights Plan" on page 30 of this Information Circular and is an integral component of the Fund's compensation policy for a large number of senior level employees of the Fund and its affiliates including the Named Executive Officers. See "Compensation Discussion and Analysis — UARs" on page 15 of this Information Circular.

In lieu of paying all or a portion of the bonuses to which the Named Executive Officers are entitled to receive in cash at year end, their employment agreements require them to receive in lieu of cash, fully paid UARs based on a current 20 day simple average TSX closing market price for Units of the Fund. The UARs generally vest over a period of three years providing on each applicable vesting date, the UAR grantee continues to be a senior officer of OESC or one of its affiliates. Accordingly, the issue of UARs in lieu of cash bonuses is an extremely useful retention technique and aligns the interests of employees with those of Unitholders. As authorized by the Plan, UARs are also granted on a similar basis for similar reasons to: (i) employees of the Fund and its affiliates below the level of the Named Executive Officers and (ii) service providers.

Proposed Amendment to the UAR Plan

If approved, the UAR Plan will be amended to increase the number of UARs which the Fund is authorized to issue by one million to three million.

Since the UAR Plan was approved, the Fund has, prior to April 1, 2009, granted 1,625,332 fully paid UARs of two million authorized UARs to eligible participants (which includes any senior officer, service providers or employee of the Fund or any controlled entity). Accordingly, the Fund is requesting the UAR Plan be amended to authorize the Fund to issue up to an additional 1,000,000 fully paid UARs and to make application to the TSX to list an equivalent number of Units. Subject to vesting and continued employment on each applicable vesting date, fully paid UARs are exchangeable into Units on a 1:1 basis.

The proposed amendment is subject to the acceptance by the TSX.

The policies of the TSX require the amendment to the UAR Plan be approved by a majority of the votes cast at the Meeting other than votes attaching to Units and Preference Shares beneficially owned by insiders to whom UARs may be issued pursuant to the UAR Plan and associates of such insiders. UARs do not carry the right to vote but entitle the holders to distributions equal to all regular and special distributions paid to the holders of Units. If the TSX or the holders of Units and Preference Shares represented at the Meeting in person or by proxy do not approve the ordinary resolution, the portion of all bonuses otherwise payable in UARs, will be payable fully in cash when the remaining inventory of 374,668 UARs is depleted. For the year ended March 31, 2009 a total of \$4,329,657 of cash bonuses were paid in the form of fully paid 408,468 UARs.

Ordinary Resolution

At the Meeting, Holders of Units and Preference Shares (other than those excluded from voting) will be asked to consider and, if deemed advisable, pass an ordinary resolution approving the amendment to the UAR Plan as described in Schedule E. The text of the ordinary resolution is attached to this Information Circular in Schedule E and must be approved by at least 51% of the votes cast by Holders of Units and Preference Shares represented in person or by proxy at the Meeting excluding the votes relating to Units and Preference Shares held by persons who are insiders of the Fund and OESC to whom UARs may be issued pursuant to the UAR Plan and the associates of such persons.

Directors' Recommendation

The Directors, who approved the ordinary resolution on February 6, 2009 determined that the ordinary resolution is in the best interest of the Fund, its Unitholders and the holders of Preference Shares and recommend that holders of Units and Preference Shares vote "FOR" the ordinary resolution approving the amendments to the UAR Plan as described in Schedule E. Persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, will vote such proxy "FOR" the ordinary resolution.

The proposed amended UAR Plan will be available for review at the registered office of the Fund at Suite 2630, 100 King Street West, Toronto, ON, M5X 1E1.

(b) Increasing the number of Directors' Deferred Unit Grants issuable under the Fund's Directors' Deferred Compensation Plan

General Background

At the Meeting, the holders of Units of the Fund and the holders of Preference Shares will be requested to consider an ordinary resolution approving an amendment to the Fund's Director's Deferred Compensation Plan (the "DUG Plan"), which was originally approved by the holders of Units of the Fund and the holders of Preference Shares of OESC on June 29, 2004. The DUG Plan, which was also approved by the TSX is described in note (7) on page 5 of this Information Circular and is an integral component of the Fund's compensation policy for the non management directors of OESC. See "Compensation of Outside Directors" on page 10 of this Information Circular.

Each outside director is required to take a minimum of \$15,000 of the annual base retainer in DUGs and may elect to take all or a portion of the balance of their remaining annual fees in DUGs, in each case pursuant to the DUG Plan. The issue of DUGs as part of the retainer required to be taken by outside directors in lieu of cash aligns the interests of the outside directors with those of Unitholders, provides effective incentives for the non management directors to promote the business and success of the Fund by encouraging, indirectly, the ownership of Units and assists the outside directors in meeting the minimum ownership requirements.

Proposed Amendment to the DUG Plan

If approved, the DUG Plan will be amended to increase the number of DUGs which the Fund is authorized to issue to the outside directors by 100,000 to 200,000.

Since the DUG Plan was approved, the Fund has, prior to April 1, 2009, granted 68,432 fully paid DUGs to directors of 100,000 initially authorized DUGs. Accordingly, the Fund is requesting the DUG Plan be amended to authorize the Fund to issue up to an additional 100,000 fully paid DUGs and to make application to the TSX to list an equivalent number of Units.

The proposed amendment is subject to the acceptance by the TSX.

The policies of the TSX require the amendment to the DUG Plan be approved by a majority of the votes cast at the Meeting other than votes attaching to Units beneficially owned by directors to whom DUGs may be issued pursuant to the DUG Plan and associates of such insiders. DUGs do not carry a right to vote but entitle the holders to distributions equal to all regular and special distributions paid to the holders of Units. If the TSX or the holders of Units and Preference Shares represented at the Meeting in person or by proxy do not approve the ordinary resolution, 100% of the directors' fees will be paid in cash when the remaining inventory of 31,568 DUGs is depleted. As at March 31, 2009 a total of \$839,000 of directors fees have been paid in the form of 61,616 DUGs since the DUG Plan was implemented in 2004.

Ordinary Resolution

At the Meeting, Holders of Units and Preference Shares (other than those excluded from voting) will be asked to consider and, if deemed advisable, pass an ordinary resolution approving the amendment to the DUG Plan as described in Schedule F. The text of the ordinary resolution is attached to this Information Circular in Schedule F and must be approved by at least 51% of the votes cast by Holders of Units and Preference Shares

represented in person or by proxy at the Meeting excluding the votes relating to Units held by persons who are directors of OESC to whom DUGs may be issued pursuant to the DUG Plan.

Directors' Recommendation

The Directors, who approved the Ordinary Resolution on February 6, 2009 determined that the Ordinary Resolution is in the best interest of the Fund, its Unitholders and the holders of Preference Shares and recommend that holders of Units and Preference Shares vote "FOR" the Ordinary Resolution approving the amendment to the DUG Plan as described in Schedule F. Persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, will vote such proxy "FOR" the Ordinary Resolution.

The proposed amended DUG Plan will be available for review at the registered office of the Fund at Suite 2630, 100 King Street West, Toronto, ON, M5X 1E1.

(c) Special Resolution of the Fund to amend the Fund's Declaration of Trust to create special voting rights for the holders of Exchangeable Securities.

General Background

The Directors have determined to place before the holders of Units of the Fund and the holders of Preference Shares a special resolution (the "Special Resolution") approving amendments to the Declaration of Trust as described below.

The authorized capital of the Trust currently consists of an unlimited number of Trust Units and Special Units and the Declaration of Trust provides voting rights to the holders of Trust Units and holders of Preference Shares. In order to provide for further flexibility in acquisition opportunities, including to facilitate the Fund's proposed acquisition of Universal Energy Group Ltd., the Directors recommend amending the Declaration of Trust to authorize the creation of an unlimited number of Special Voting Rights.

If the Special Resolution is approved and the amendments become effective, Special Voting Rights will only be issuable in connection with the issue of shares, partnership units or other securities ("Exchangeable Securities") of any direct or indirect subsidiary of the Fund that are convertible into or exchangeable for Trust Units (directly or indirectly). The Special Voting Right(s) will entitle the holder(s) thereof to such number of votes at meetings of Unitholders as may be prescribed by the Directors in the resolution authorizing the issuance of any such Special Voting Rights, provided that the aggregate number of votes may not exceed the aggregate number of Trust Units into which the associated Exchangeable Securities are, directly or indirectly, exchangeable or convertible. Holders of Special Voting Rights would have no rights (including rights to distributions from the Fund or interest in any assets of the Fund) other than the right to vote at meetings of Unitholders.

Exchangeable securities transactions are commonly used in securities exchange acquisitions by income trusts, such as the Fund's proposed acquisition of Universal Energy Group Ltd., to provide selling securityholders of the acquired company with the opportunity to obtain a deferral for Canadian income tax purposes on the sale of the securityholder's securities until the exchangeable securities are exchanged for trust units of the income trust. In order that the exchangeable securityholders are, as near as possible, put in the same position they would be in if they held trust units of the income trust, it is common to allow the holders of such exchangeable securities to vote at meetings of unitholders of the income trust.

Special Resolution

At the Meeting, Holders of Units and Preference Shares will be asked to consider and, if deemed advisable, pass the Special Resolution approving the amendment to the Declaration of Trust as described in Schedule G. The text of the Special Resolution is attached to this Information Circular in Schedule G and must be approved by more than 66 $\frac{2}{3}$ % of the votes cast by Holders of Units and Preference Shares represented in person or by proxy at the Meeting.

Directors' Recommendations

The Directors have determined that the Special Resolution is in the best interest of the Fund, its Unitholders and the holders of Preference Shares and recommend that holders of Units and Preference Shares vote "FOR" the Special Resolution approving the amendment to the Declaration of Trust as described in Schedule G. Persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, will vote such proxy "FOR" the Special Resolution.

- (6) OESC has issued indemnities to each of its directors and officers as permitted under applicable legislation and has purchased a directors' and officers' liability insurance policy for the directors and officers of all direct and indirect subsidiaries of the Fund. The annual aggregate premium for such insurance was \$150,498 including tax (for the policy period to May 21, 2009) and is paid in its entirety by OESC. The annual insurance coverage under the policy is limited to \$25 million (per claim and in the aggregate each policy year) and is subject to a \$100,000 self-insured retention for the corporate reimbursement section only. OESC does not maintain any programs pursuant to which it makes donations to charitable institutions in a director's name.

The fees paid to directors and all other arrangements including indemnities, directors and officers insurance and DUGs are approved by the board of OESC based on the recommendations of the Nominating and Corporate Governance Committee and are as described in the above Table and the notes thereto. In addition to the compensation paid to directors the board of OESC has adopted a policy regarding ownership requirements for outside directors which is described below.

Ownership of Securities by Outside Directors

Each outside director is required, as a policy of the Fund, to own at each quarter end a number of Units and/or DUGs having a value based on the trading price of the Units on the TSX equal to \$70,000. Each director is compliant with the current \$70,000 minimum holding requirement which, as a policy of the Fund, has been increased; (a) to two times the base retainer (i.e., to \$100,000) by November 7, 2009 and (b) to three times the base retainer (i.e., to \$150,000) by March 31, 2011.

The following Table indicates the total value of Units and DUGs beneficially owned, directly or indirectly, by all non-management directors of OESC at March 31, 2009, based on the closing TSX market price for Units on April 30, 2009.

STATEMENT OF EXECUTIVE COMPENSATION
(in respect of the financial year of the Fund ending on March 31, 2009)

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Objectives and Components — General

Compensation for the OESC Named Executive Officers (“NEOs”) (listed in the Summary Compensation Table on page 26 of this Information Circular), is established by the Compensation and Human Resources Committee (the “Committee”) and is principally reflected in each of their respective employment agreements, all of which have been approved by the Committee and the Board. The Committee’s compensation philosophy is guided by its objectives to obtain and retain qualified and experienced executives motivated to achieve the Fund’s business plans, strategies, goals and growth targets.

NEO compensation includes one or more of the following components: (i) a base salary; (ii) for certain NEOs, an annual discretionary performance bonus based on achieving operating performance targets or objectives, targeted growth levels, distributable cash, distributions, margins, renewals, attrition other performance factors; (iii) for all NEOs — an annual non-discretionary incentive bonus based upon the achievement by the Fund of targeted levels of incremental adjusted distributable cash flow (as defined below); (iv) for all NEOs — the use of fully paid unit appreciation rights (“UARs”) in lieu of cash bonus entitlements to further align the goals and interests of NEOs with Unitholders and which serve as a useful retention tool; (v) the use of options (“Options”); (vi) employee benefit plans; (vii) Unit ownership requirements; and (viii) Residuals (defined below).

While Options are available to the Committee to provide a longer-term incentive for executives to enhance Unitholder value they have not been used as a component of NEO compensation in the past year and, in the view of the Committee, Options are not likely to be used for the foreseeable future as a component of NEO compensation. Each NEO’s performance and related salary level, annual discretionary performance bonuses, annual non-discretionary targeted incentive bonuses and the use of UARs and Unit ownership requirements, are reviewed annually by the Committee in conjunction with the Executive Chair and the President and Chief Executive Officer of OESC. NEO compensation packages are subject to the approval of the Committee and the full Board.

All of the above compensation components and the decisions of the Committee about each component have an affect on the Committee’s decisions regarding the other components. For example, the base salary for two of the NEO’s i.e., Messrs. Pritchett and Roche is significantly less than the base salaries for Ms. MacDonald and Mr. Hartwick in view of the larger targeted non-discretionary bonus opportunities made available to Messrs. Pritchett and Roche based on the achievement by the Fund of targeted levels of annual RCE and CCE growth for which they have significant responsibility. “RCE” means residential customer equivalent, which is a unit of measurement equivalent to a customer using, as regards natural gas, 2,815 m³ (or 106 GJs or 1,000 therms) of natural gas on an annual basis and as regards electricity 10,000 kWh of electricity on an annual basis which represents the approximate amount of gas and electricity, respectively, used by a typical household in Ontario. “CCE” means a commercial customer equivalent obtained from an Independent Contractor Office, which is a unit of measurement equivalent to a customer using, as regards natural gas, 2,815 m³ (or 106 GJs or 1,000 therms) of natural gas on an annual basis and as regards electricity 10,000 kWh of electricity on an annual basis which represents the approximate amount of gas and electricity, respectively, used by a typical household in Ontario.

All of the compensation components together are intended to, meet the Committee’s compensation objectives, which have allowed the Fund to attract and retain qualified and experienced NEOs who are motivated to achieve the Fund’s business plans, strategies, goals and growth targets.

A more detailed description of the compensation components for the Fund's NEO's is as follows:

Compensation Components — Specific Criteria

Base Salary: The base salary of each executive is intended to remunerate each NEO for discharging job responsibilities as set forth in their respective employment contracts and reflects, in the case of the Executive Chair and the President and Chief Executive Officer, their performance over time. Each of the NEOs has a detailed job description setting out the individual's duties and responsibilities. Salary levels and adjustments take into account performance contributions in connection with their specific duties and responsibilities as outlined in their respective employment contracts and position descriptions.

The base salary levels are set out in each NEO's employment contract, the terms of which are described below under the heading "NEO Employment Agreement" on pages 15 to 22 of this Information Circular and all of which are approved by the Committee and the Board. While the President and Chief Executive Officer is requested to provide to the Committee his recommendations on salary increases for the other NEOs, the Committee and the Board make the final determination on the annual base salary increases for all NEOs. Base salaries for all NEOs are reviewable annually and recognize the NEO's experience, responsibility, contribution and performance goals and are based on the Committee's subjective assessment of market value. Base salaries also take into account the other components of an NEO's total compensation package. Management has determined that in the current economic environment it is prudent that base salaries for all NEOs be maintained at the March 31, 2009 levels for the fiscal year of the Fund commencing April 1, 2009. For the same reasons, base salaries for virtually all other employees were also frozen by the management group at the March 31, 2009 year end levels.

Annual Discretionary Performance Bonus: An annual discretionary performance bonus may be granted by the Committee to the Executive Chair, the President and Chief Executive Officer and the Chief Financial Officer based on the general performance factors as described above. The annual performance bonus for the other two NEOs (i.e., Messrs. Pritchett and Roche) are not discretionary, but rather is based on the achievement of targeted growth of the Fund's customer base.

Annual Incentive Bonus Component — Incremental Adjusted Distributable Cash Flow: To align the interests of the NEOs with those of Unitholders, who have an interest in the maintenance of and increases in the amount of cash distributions on Units, the Committee introduced an annual incentive bonus which is based on the achievement of targeted levels of incremental adjusted distributable cash flow of the Fund, which is one of the principal drivers in determining the level of distributions payable by the Fund on its Units. "Incremental adjusted distributable cash flow" means the year over year percentage increase in adjusted distributable cash flow which is defined, with respect to a financial year of the Fund as an amount equal to the distributable cash for such financial year (i.e. seasonally adjusted gross margin, adjusted for cash items including general and administrative expenses, marketing expenses, capital tax, bad debts, other income/expenses and corporate taxes), plus all direct commissions paid to the Fund's selling agents for such financial year less all distributable cash relating to any acquisition made, directly or indirectly, by the Fund of energy contracts or other assets but including all distributable cash relating to the renewal by the Fund of energy contracts purchased pursuant to any such acquisition, all as derived or determined from the year end audited consolidated audited financial statements for the Fund as approved by the Board of Directors.

Fund Option Grants: The Committee is responsible for awarding Options to directors and employees pursuant to the Fund's 2001 Unit Option Plan. The Option grants provide a longer-term incentive to pursue significant performance for the Fund and cash flow growth. At March 31, 2009 the President and Chief Executive Officer is the only NEO who holds Options. As at March 31, 2009 the Fund has 808,666 remaining Options available for grant under the Plan. As discussed above the Committee has no plans to grant additional Options to the NEOs for the foreseeable future.

Employee Loans: The Committee has established a policy to prohibit loans to employees or directors. There are no loans outstanding.

UARs: The Committee awards fully paid UARs to the NEOs pursuant to their employment agreements and the Unit Appreciation Rights Plan (described under the heading “Unit Appreciation Rights Plan” on page 30 in this Information Circular). The Committee has used and will continue to use fully paid UARs, which normally vest over a three year period, to provide the Fund with a mechanism of capitalizing payments which senior executives of the Fund would otherwise receive in the form of cash as part of their annual discretionary performance bonus, annual non-discretionary targeted incentive bonuses and other compensation entitlements, thereby encouraging such persons to continue in the long-term service of the Fund and aligning the interests of all NEOs with holders of Units. For three of the five current NEOs, at least 50% of all annual discretionary performance bonuses and 100% of all annual non-discretionary targeted incentive bonuses are payable in fully paid UARs which, except for those granted based on an NEO’s election to receive UARs in lieu of a cash entitlement (which vest immediately), vest on the first, second and third anniversary of the grant date, subject to continued employment with OESC or an affiliate thereof on each applicable vesting date and have a 10 year term. UARs are exchangeable into Units on a 1:1 basis subject to vesting and continued employment on each applicable vesting date.

Retention and Incentive UARs: Because of the competitive nature of the Fund’s business and employee mobility in the Fund’s business sector, the Committee uses UARs to encourage NEO retention and to incentivize NEO’s. 10,000 fully paid UARs (vesting over three years subject to continuing employment on each applicable vesting date) were made available by the Committee to the Chief Financial Officer on the commencement of her employment on February 16, 2009.

Employee Benefit Plans: On October 1, 2004 and effective April 1, 2004, the Fund established a long-term incentive plan (the “Plan”) for all permanent full time and part time Canadian employees (working more than 20 hours per week) of its affiliates and subsidiaries. The Plan consists of two components, a Deferred Profit Sharing Plan (“DPSP”) and an Employee Profit Sharing Plan (“EPSP”). For participants of the DPSP, the Fund contributes an amount equal to a maximum of 2% per annum of an employee’s base earnings. For the EPSP, the Fund contributes an amount up to a maximum of 2% per annum of an employee’s base earnings towards the purchase of Units, on a matching one for one basis. Except for the Executive Chair, all other NEO’s participate in the DPSP and EPSP. See note (13) to the Summary Compensation Table on page 28 of this Information Circular.

Residuals: As a significant sales incentive, OESC pays commissions and loyalty payments (“Residuals”), to its independent contractors based on the sales of energy contracts by independent contractors recruited, trained, motivated and supervised by them long after such contracts are sold. While not part of the NEO compensation packages, two of the NEOs who were formerly independent national distributors (Messrs. Pritchett and Roche), and who joined OESC as executives during 2008, received prior to March 31, 2009 Residuals earned by each of them prior to and after April 1, 2008. See note (15) to the Summary Compensation Table on page 28 of this Information Circular.

Unit Ownership: Except for the Executive Chair who owns in excess of 5% of the outstanding Units of the Fund (fully diluted), each of the other four NEO’s is required to hold securities of the Fund (UARs and Units) representing a minimum market value by certain specified dates, further aligning the interests of the NEOs with the interests of Unitholders. See note (16) to the Summary Compensation Table on page 28 of this Information Circular.

NEO Employment Agreements

General: The employment agreements for each NEO contain terms and conditions dealing with: (i) financial compensation (see below on pages 16 to 22 of this Information Circular), (ii) termination rights (see under the heading “Termination Events or Circumstances” on pages 23 to 25 of this Information Circular), (iii) payments, benefits and obligations arising on termination (see under the heading “Termination Payments and Benefits” on pages 24 to 26 of this Information Circular), and (iv) other conditions relating to Unit ownership, non compete and non solicitation covenants (see under the heading “Employment Agreements — Other Terms, Conditions and Obligations” on page 25 of this Information Circular).

Fund Unit Option Plan

The officers, full-time employees and service providers of and to the Fund and OESC are eligible to participate in the Fund's 2001 Unit Option Plan (the "Option Plan"). On February 6, 2009, the board of directors adopted, as a Policy of the Fund, that no further options be granted to a director. Moreover, the Committee has no present plans to award options to Named Executive Officers as part of its compensation arrangements. The purpose of the Option Plan is to provide such eligible participants with financial rewards that will encourage ownership of Units, enhance OESC's and the Fund's ability to attract, retain and motivate key personnel and service providers and reward directors, officers, employees and service providers for significant performance and cash flow growth of the Fund. The Option Plan is administered by the Compensation and Human Resources Committee ("Committee") of OESC in its capacity as administrator of the Fund. The

Committee has the power to, among other things: (i) determine those directors, officers, employees and service providers eligible to be granted options; (ii) determine the number of Units covered by each option; (iii) determine the exercise price for each option; and (iv) determine the time or times when options will be granted and when they are exercisable and expire. The exercise price for any option granted may not be less than the closing market price of the Units on the Toronto Stock Exchange on the business day immediately preceding the day upon which the option is granted. Except as described in Note (11) to the Summary Compensation Table on page 27 of this Information Circular or otherwise provided in individual option agreements approved by the Committee, holders of options may exercise them at the applicable exercise price, subject to cancellation or acceleration in the event of termination of employment or death of the optionholder. Except as otherwise provided in individual option agreements approved by the Committee, options granted under the Option Plan are non-transferable, non-assignable and, except as described in Note (11) to the Summary Compensation Table on page 27 of this Information Circular, expire five or ten years from their grant date. At March 31, 2009, 758,666 options were available for grant under the Option Plan (less than 1% of the outstanding Units and Preference Shares).

Under the Option Plan and applicable option and employment agreements for the Named Executive Officers, all options will automatically vest immediately: (i) prior to the occurrence of a “Change of Control” of the Fund as defined under the heading “Change of Control” on page 23 of this Information Circular, (ii) upon dismissal without cause or constructive dismissal or (iii) in some cases, at the end of the term of an employment agreement if a further employment agreement on no less favourable terms from a commercial standpoint is not made available or offered to certain employees of OESC or an affiliate thereof. The maximum number of options currently available for issue under the Plan is 758,666. The Option Plan may not be amended without Unitholder approval and the consent of the TSX.

If before the expiry of an Option, a participant’s employment is terminated by reason of death, such Option may be exercised by the legal representatives of the estate of the participant at any time on or prior to the earlier of (i) the expiry date of such Option and (ii) the first anniversary of the date of death of the participant.

Unit Appreciation Rights Plan

As described under the headings “NEO Employment Agreements” and “Compensation Discussion and Analysis” on pages 15–22 and 13–14 of this Information Circular, in lieu of granting options under the Fund’s 2001 Unit Option Plan, a specified minimum percentage of the short-term discretionary bonuses and/or long-term incentive bonuses to which all of the Named Executive Officers and certain other employees of, and consultants to, OESC are entitled (individually an “UAR Grantee”), are payable in fully paid UARs which vest at various dates (a “Vesting Date”), ranging from immediately on the grant date (the “Grant Date”) to 10 years from the Grant Date, providing that on applicable Vesting Dates the UAR Grantee continues to be an employee with or consultant to OESC or an affiliate thereof. The Unit Appreciation Rights Plan (the “UAR Plan”) is an umbrella plan which governs: (a) UARs previously granted to an UAR Grantee under employment agreements referred to under the heading “NEO Employment Agreements” on pages 15–22 of this Information Circular and (b) the grant of fully paid UARs to employees of and consultants to OESC and its affiliates. Fully paid UARs are, subject to vesting, exchangeable into fully paid Units of the Fund on a cumulative basis for up to 10 years from the Grant Date on the basis of one Unit for each fully paid UAR. The number of fully paid UARs to which an UAR Grantee is entitled is determined on the relevant Grant Date by dividing the specified percentage of the amount of the short-term discretionary bonus or long-term incentive bonus to which such Grantee is entitled and/or elects to receive, and which is payable in fully paid UARs, by the simple or weighted average of the closing market price of Units on the TSX for periods ranging between 10 and 30 days for UARs granted prior to June 30, 2004, and, unless otherwise provided by the Committee (the “Committee”) and/or the Board of Directors, 20 days for all other UARs, in each case, prior to the Grant Date. In some cases, a fixed number of fully paid UARs are granted to an employee in lieu of a cash bonus without reference to a simple average closing TSX price. Pending the exchange of fully paid UARs for Units, the UAR Grantee is entitled to receive monthly cash payments from OESC equal to the monthly distributions (including special distributions), such Grantee would otherwise be entitled to receive if the UARs were Units, less any applicable withholdings or other tax. All outstanding UARs, whether or not vested, automatically vest on the happening of certain events including: death, a change of control, dismissal without cause or constructive dismissal and the inability, in

certain circumstances, of OESC (or an affiliate thereof) and a NEO to settle upon a further employment arrangement at the end of term. UARs do not carry the right to vote. The total number of Units which may be made available to any UAR Grantee under the UAR Plan together with any Units reserved for issuance under options or warrants for services and employee unit purchase plans or any other unit compensation arrangements to such UAR Grantee may not exceed 5% of the issued and outstanding Units and Preference Shares of OESC at the Grant Date.

The UAR Plan is administered by the Committee which has broad powers respecting the granting, vesting, term and allocation of UARs and to interpret the UAR Plan. The aggregate number of UARs which may be granted under the UAR Plan is currently limited to two million which, when issued and vested, are exchangeable, on a one for one basis, into an equal number of fully paid and non-assessable Units.

The maximum number of UARs currently issuable under the UAR Plan is 374,668. Without the approval of Unitholders, the UAR Plan may not be amended: (a) to increase the number of UARs issuable under the Plan, (b) to expand the scope of an “Eligible Person” or (c) to extend the term of a UAR benefiting an insider of the Fund. Subject to the terms of an employment agreement and to a resolution of the Compensation Committee, all rights to exchange a UAR for Units expire upon a UAR Grantee ceasing to be an Eligible Person provided: (i) in the event of death a UAR may be exercised by the legal representatives of the estate of the UAR Grantee prior to the earlier of: (A) the expiry of such UAR and (B) the first anniversary of the date of death of such UAR Grantee, (ii) in the event the employment of a UAR Grantee is terminated for reasons other than for cause or death, such UAR may be exchanged at any time prior to the earlier of: (A) the expiry date of such UAR and (B) the day that is three months following the date of termination of employment of the UAR Grantee.

The UAR Plan was introduced to replace the granting of options to senior executives of OESC and its affiliates and to provide a mechanism to ensure that all or a significant portion of the short-term discretionary performance bonuses and/or long-term incentive bonuses payable to senior officers (including the NEOs), are payable in fully paid UARs in lieu of cash, thereby encouraging the employee recipients thereof to continue in the long-term employment of the Fund, while aligning their interests to those of Unitholders. The Fund is seeking approval to amend the UAR Plan to increase the number of UARs which are authorized to be issued from two to three million. See “Special Items of Business” on page 7 of this Information Circular.

SCHEDULE C

The Board of Directors of Ontario Energy Savings Corp. ("Energy Savings") Board Mandate

— Supervising the Management of the Business and Affairs of Energy Savings —

Our Main Responsibilities

We provide the supervision necessary for:

1. **Disclosure of Reliable and Timely Information to Unitholders** — the Unitholders depend on us to get them accurate and relevant information.
2. **Approval of Strategy and Major Policy Decisions of Energy Savings** — we must understand and approve where Energy Savings is going, be kept current on its progress towards those objectives and be part of and approve any major decisions.
3. **Evaluation, Compensation and Succession for Key Management Roles** — we must be sure that the key roles have the right people, that they are monitored and evaluated by us and that they are appropriately compensated to encourage Energy Savings' long-term success.
4. **Oversight of the Management of Risks and the Implementation of Internal Controls** — we must be satisfied that the assets of Energy Savings are protected and that there are sufficient internal checks and balances.
5. **Effective Board Governance** — to excel in our duties we need to be functioning properly as a Board — strong members with the right skills and the right information and generally to be responsible for the development of Energy Savings approach to corporate governance.

Independence is Key

The Board of Directors understands that we must be independent of the management of Energy Savings. To enhance our independence we have implemented the following:

- A majority of the members of the Board are independent
- All Committees are composed solely of non-management directors
- The Board and its Committees can meet independently of management at any time
- The Board and its Committees can hire their own independent advisors
- An independent lead Director with a clear mandate provides leadership for the independent directors
- A policy requires all Directors to hold deferred units or units as part of the Board retainer
- The provision of high-quality information for Directors — orientation for new directors, meaningful presentations, access to management and sufficient time to review material

We know independence requires more — it requires preparation for meetings, understanding the issues, strength, commitment, integrity and an inquiring mind.

Our Composition

Our number shall be as provided for in accordance with OESC's By-laws from time to time and shall comply with the rules of board composition established by the Nominating and Corporate Governance committee of OESC. Each director shall possess the qualities set out in the Position Description for Directors and the Position Descriptions for Directors in their role as Chair of each Board Committee.

We will create Committees from time to time and will delegate certain functions to them. Each of these Committees has a written Mandate. These Mandates are reviewed on a regular basis and are updated and

amended as often as needed to respond to the evolving regulatory and market environment in which Energy Savings operates.

Independent Functioning of Board and Committees

The Board is responsible for establishing the appropriate procedures to ensure that the Board, Committees and individual Directors can function independently of management to the extent considered necessary or desirable by Directors. The Board can retain independent professionals. Each Committee can retain and terminate independent professionals and each has the sole authority to approve all fees payable to an Independent professional. Any Director can retain an independent professional with the prior approval of the Nominating and Corporate Governance Committee. Each Committee and the Board can conduct all or part of any meeting in the absence of management, and it is the Board's policy to include such a session on the agenda of each regularly scheduled Board meeting.

Each Committee chair can also require the Corporate Secretary to convene a meeting of the Board or a Committee to be held in the absence of management or to reserve an agenda item at any Board or Committee meeting for business to be conducted in the absence of management. Each Director can request such a meeting or reserved agenda item by contacting a Committee Chair.

Meetings

The Board meets a minimum of four times per year. For regularly scheduled meetings, an agenda for each Board meeting and other documents for consideration are sent by courier to all Directors about one week in advance of each meeting. For special meetings of the Board, best efforts are made to distribute materials to the Directors as far in advance as practicable. A complete Board package, which includes all material for the meeting, is provided to each Director prior to the commencement of each meeting.

Specific Duties and Responsibilities

The Board has the following specific duties and responsibilities, which may be delegated to Committees of the Board, in whole or in part, with ongoing reporting by the Committees to the Board:
